Is your current provider prepared for Detailed Tagging?

Rivet Software has clients submitting their SEC filings with Year 2 Detailed Tagging of footnotes right now!

COMPLY

You've completed your first few SEC XBRL filings and, though you'd like to relax, you still don't know what you're going to do about Year 2 Detailed Tagging. Take control of your SEC compliance with Detailed Tagging today. Rivet doesn't need to think about what we're going to do for our customers next year because we're already doing it, right now. Rivet Software has the solution for your SEC XBRL filings, from your current filings to Year 2 Detailed Tagging and beyond. Talk directly to the accountant or CPA working on your financials and feel confident that those last minute managerial changes will be seamless. Look to the company the SEC chooses - Rivet Software.

CONTROL

Rivet's solution fully integrates your GL/ERP/CPM with your SEC filing documents to ensure on-time and accurate compliance on all of your filings. From document creation, XBRL tagging and validation, to EDGARization, HTML and SEC submission, Rivet is the one stop shop that can turn XBRL from an unwanted burden to a competitive advantage for your company.

Fully Integrated Tagging

Rivet's Controller Package for SEC corporate filers is a complete solution package of software and services designed to help you get started now with your next SEC filing. Rivet combines our market-leading Crossfire Financial Reporting Platform software with the experience of our Professional Services team to help you with your SEC filing. Our Professional Services team is comprised of some of the most experienced accounting and XBRL experts in the US, and they're available to help you with every detail of your filing, in-house, 24/7.

Start Now and Get the Remainder of your 1st Year Filings for Free
